

KHAO MANEE (KMN) Premium Whitepaper v2.0

Tagline: Not Just Another Meme Coin. This Is A Kingdom.

1. Executive Summary

Khao Manee (KMN) is a community-driven Solana meme token inspired by the rare Khao Manee cat. The project's long-term goal is to build a recognizable global brand around high-quality content, transparency, and community participation.

2. Brand Identity

The Khao Manee cat is famous for its pure white coat and striking odd-colored eyes. KMN uses this unique identity to stand apart from generic meme tokens.

3. Vision

Create one of the most recognizable cat-themed communities on Solana by focusing on storytelling, creativity, and long-term engagement.

4. Mission

Grow a genuine community through daily content, AI-generated cinematic videos, memes, education, and partnerships.

5. Token Information

Name: Khao Manee

Ticker: KMN

Network: Solana

DEX: Raydium

Official contract: CkZYKCNNLYU1Lgodn8z83Y9xybt3B3kT3K5he135tbdC

6. Community

Community is the foundation of KMN. The project aims to encourage respectful participation, creativity, and transparency.

7. Marketing

Daily short-form videos, King Khao character, X campaigns, Telegram engagement, educational threads about the Khao Manee breed, and collaborations with creators.

8. Roadmap

Phase 1: Foundation.

Phase 2: Community growth.

Phase 3: Content expansion.

Phase 4: Ecosystem partnerships.

Phase 5: Continued brand development.

9. Transparency

The project intends to communicate openly about updates and milestones. Future decisions should be documented publicly whenever practical.

10. Risks

Crypto assets are highly speculative. Prices can be volatile, liquidity may change, and there is no guarantee of future returns.

11. Long-Term Goal

Build a recognizable entertainment and community brand centered on King Khao and the Khao Manee identity rather than relying only on price speculation.

12. Closing

Join the Kingdom. Build the Community. Respect the Journey.
